In Dedication . . .

We, the 1981-82 ONCA Staff, proudly dedicate this 14th edition of the O.H.S. yearbook to our Athletic Trainer, Mr. Raymond Murakami.

Ray has been here at O.H.S. for 6 years. He has contributed much to Ontario High School, including time, money, and friendship.

Ray has been a "father-figure" to most of the students. He helps them by coaching them, helping them with problems, and giving advice.

Many feel our athletic program would not be as strong as it is now without Ray, and that he is probably the best trainer around. Ray has been a trainer for 18 years, which includes training at Los Angeles City and State Colleges, University of Kansas and Wood Memorial Hospital. In 1968 he was a trainer at the Olympic Training Camp.

When people were asked to find one word to describe Ray, the words that were most often used were: Charming, Creative, Enthusiastic, and Helpful.

This dedication, Ray, is to show our appreciation for all you have contributed to our school.

Unique

AS WE SEE THEM GROW

Naive, we were all a little,
A big step we took,
Some of us were athletes
Some musicians, but we
all had our own personality.
We had a few friends,
never thought we would make
more. We were so young.
Not yet knowing knowing what we wanted to be.

Sometimes it was hard.
There were a few fights.
We won some, we lost some
We were growing, but we didn't know.
Our team experienced victories and defeats.
But they didn't quit.
Our band was good,
but not all the time.
And of course we had the Brainiacs.
Mr. & Mrs. P. G. Goodknowledge.
Knowing everything from Trig
to the name of a rock found in your yard.
And the ditching party, the food fights
and the morning after.
We had the Farrah's and the Ms. Dillers
Making a bouquet of red roses,
Some bruised yet some exquisite.
But the wonderful thing about them
Was they all blossomed beautifully.

Our cheerleaders did their best
To keep the spirit
Trying to keep it up.
Yes, I was there. And you were, too
And we saw them grow.

Valedictorian and Salutatorian

Monica Bagratuny has been honored as the Salutatorian. When she was informed of this honor, she was very excited and very enthusiastic.

Monica had a grade point average of 3.84. While attending Ontario, she has been involved in extra-curricular activities such as: GATE, CSF, and Ivy Chain.

Special awards she has achieved are: Honorary Mention Lou Brock Award, Certificate Winner of B of A Social Studies Award.

Monica enjoys playing tennis, listening to rock and going out with her friends.

She is planning to attend Mt. Sac, go on to a University and major in business upon graduation.

The class of '82 would like to congratulate Monica on achieving her goals.

Dawn Cederlund has been honored as the Valedictorian. Dawn had a grade point average of 3.9. While attending Ontario, she has been involved in extra-curricular activities such as four years in Gate, four years of cheerleading. Dawn has been in CSF for four years also.

Special awards she has achieved are Freshmen Social Studies Award, Sophomore English and Science Award, Student Representative to District Boundary Committee, Bank of America Award for Liberal Arts. Dawn was also chosen for membership in the Daughters of the American Revolution. Dawn enjoys the summertime and all kinds of sports, especially the coed ones. She is planning to attend a four-year college and then go on to law school. The class of '82 would like to congratulate Dawn on achieving her goals.

Seniors

The 1982 seniors, just as seniors from past years, wanted to graduate, start a career and live happily. Many seniors achieved a great deal during their four years here at Ontario High School. Quite a few held jobs, kept up their grades and acquired a large number of friends who will be remembered and cherished in the years ahead.

Everyone counted the days until becoming a senior so it would be possible to participate in activities traditionally reserved for seniors. Such tradition included the Senior Breakfast during which the entire class spent a very special time together. Another tradition was Senior Ditch Day when many of the seniors went to the mountains or the beach instead of school for the day.

Homecoming was a spectacular event. It was probably every senior girls' dream to be named Homecoming Queen. Most of the clan pulled together and rooted for their favorite nominee. The announcement of the results of the election was a great moment of suspense at the Homecoming football game.

Another big event of the year was the Junior-Senior Prom. The Junior Class did a wonderful job preparing for the Prom. Seniors looked forward to this all year, a chance to dress up and leave a lasting impression.

Suddenly Graduation Day was here and the class of 1982 was walking down the aisle to receive the long awaited diploma. Those four years of high school were suddenly over, but they have left a lasting memory of good times and many friendships.

In Memory of
Fred Ramirez:

When loved ones go ahead of us,
It's hard to say "Good-bye."
And in our grief and sorrow,
We are tempted to ask "Why?"
But they have found the peace
And joy this world can never give,
And in God's Heavenly Home,
It's they, not us, who truly live.

We All Walk The Same Path

We all walk the same path.
We all cry
And our hearts ache
Over the people we love.
We all feel empty and angry.

The whole world does not care about us.
We reach out for a hand
And we get nothing.
We ask for comfort
And we get a cold shoulder.
We roam in the space looking for someone.

We all hide ourselves.
We are afraid of rejections.
We all say things that others want to hear;
Not what we really feel.
We all walk the same path.

To many students, their junior year is very special. They are becoming more familiar with the school itself, along with the many activities at Ontario High. There was a lot of work put into sponsoring the Junior-Senior Prom. It kept many people busy, and the effort and time was appreciated by many. With only one year left at Ontario, the class of "83" has much to look forward to.

The Class of '84 has now completed half of their high school years. The Sophomore year, to a student, can be very exciting and full of achievement. During this year, the Sophomores get class rings and many receive driver's Licenses. Hopefully, the next two years at Ontario High School will be just as fulfilling as the past years.

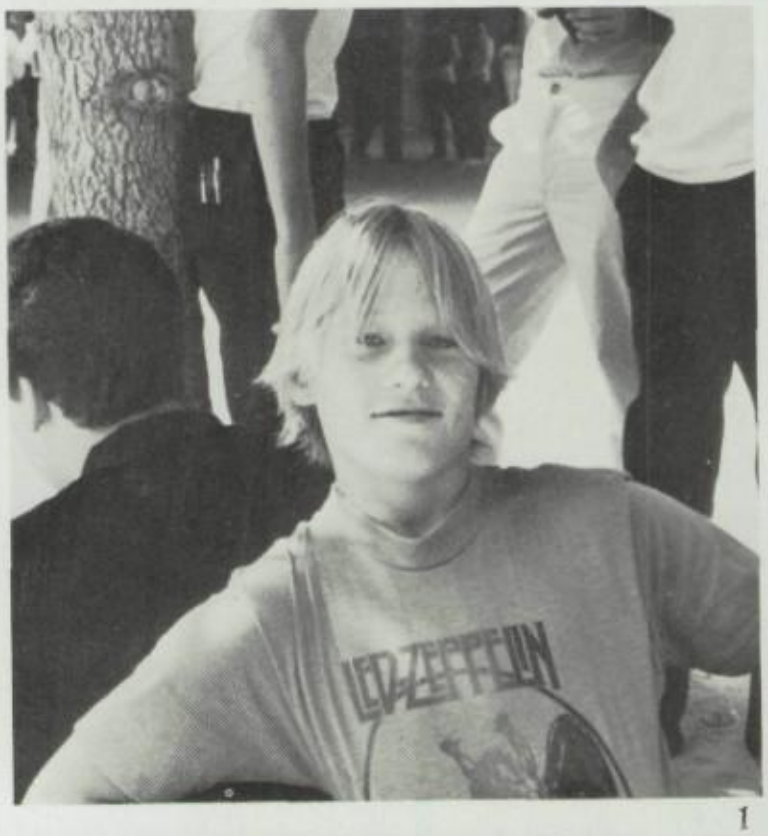
Class of 1985

Freshmen Class Officers: Pres. Wendi Wiesner, V. Pres. Wendy Benjamin, not shown; Sec. Karen Stafford and Treas. Gloria Burkett.



1

Advisor:
Mrs. Lopez

3

The Freshman class was the largest ever. It consisted of about 500 students. They were eager to start their new year at O.H.S. For them it meant a bright new beginning in a totally new school. Many of them were confused about how the class arrangements were going to be. But like all freshmen in the years past, they began to settle down to their new school, and realized they were beginning to prepare to be part of the adult world.

Together we are united under one flag

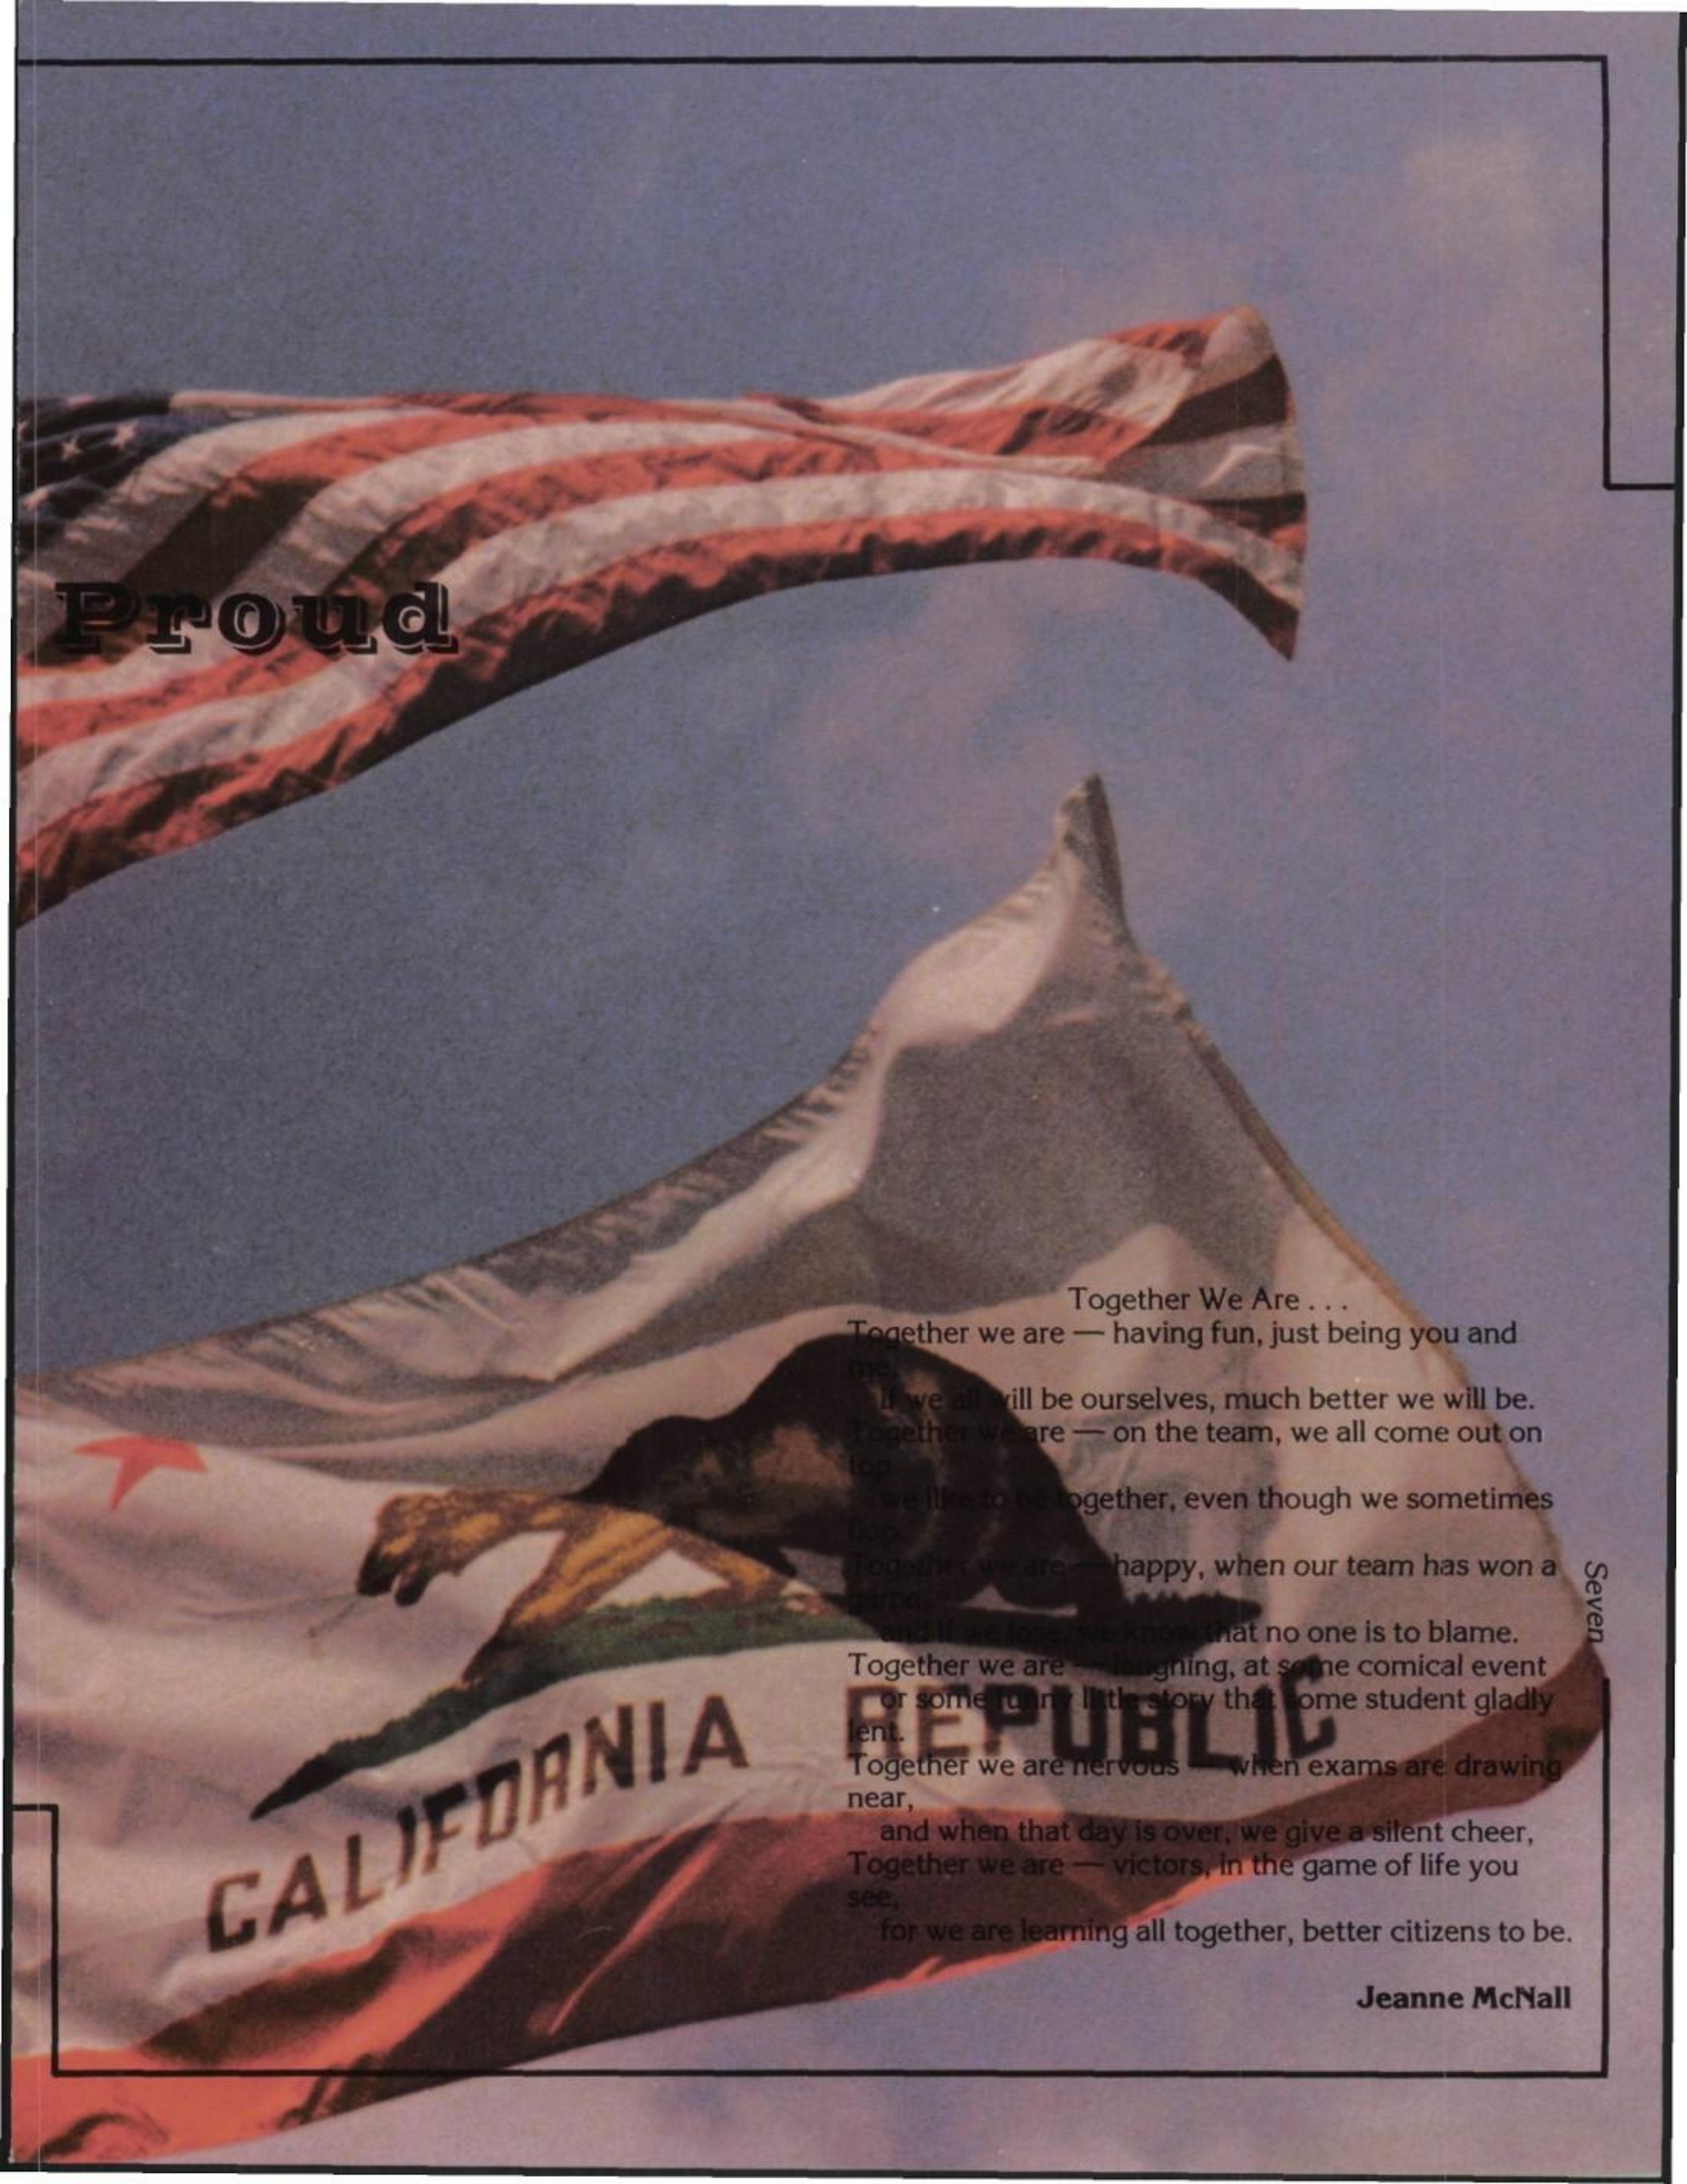
3. ***Dolores Camacho** and **David Gonzalez** express spirit.*
4. ***Mr. Hackney** and **Co.** enjoy a night of football.*



Together We Are . . .

Together we are — having fun, just being you and me,
  If we all will be ourselves, much better we will be.
Together we are — on the team, we all come out on top
  we like to be together, even though we sometimes flop.
Together we are — happy, when our team has won a game
  and if we lose we know that no one is to blame.
Together we are — laughing, at some comical event
  or some funny little story that some student gladly lent.
Together we are nervous — when exams are drawing near,
  and when that day is over, we give a silent cheer,
Together we are — victors, in the game of life you see,
  for we are learning all together, better citizens to be.

Together We Are . . .

School Life

It is the social meeting place
for people of all ages.
You rush to your classes
in a hurried way,
Trying to pass the time of day.
In class you listen,
but your mind is away,
thinking of summer and
graduation day.
Freshmen have come,
they wish they were done
But where will they go from here.
Sophomores are clowns
just hanging around
being upperclassmen now.
Juniors are neat,
they have to compete
for the rule of the school
against seniors.
Ah!
Finally we're here
A senior, we cheer,
We walk down the aisle
with a great big smile
and pride for Ontario High.
Our parents are proud
as we walk through the crowd
with a diploma, the reward
for a job well done.
It's over now.
We step into the horizon
A new life's begun.
We'll always remember
the years
at Ontario High
Where we once cried
"Seniors!"

Getting Into Halloween Spirit

Halloween comes just once a year.
It's full of fun, laughter and cheer
There are ghouls and goblins from coast to coast
and many a monster, a witch, a ghost.
It's a type of fun like you never have seen
So try a little Halloween!!

That's what the students at O.H.S. did. Even the faculty got in on the fun. The cheerleaders held a rally in honor of Halloween. At the rally, the teachers put on a skit to get into the spirit. After the skit, the teachers threw treats into the crowd for the students. It was a time to remember.

Rallies!!!

During the 1981-82 school year, Pep commissioner Seaneen Nash and the Pep squad performed several rallies in which the seniors always dominated. The class of '82 proved spirited by winning every rally.

The Alma Mater, class competitions and introductions of athletes were just a few of the things that happened during these rallies.

Rallies were put on to promote enthusiasm and spirit for the games held that night.

Three Ontario students went to the California State Special Olympic Events held in June at U.C.L.A.: Mark Brewer in '80, Donna Emery '81, and John Wolken went to New York's meet in '81.

Being in Drill Team, Flags, or Letters offers each member the chance to become a part of a team that revolves around the perfect coordination of each member's movements. In other words, it gives members the chance to increase physical agility and coordination by relying on self-discipline, as well as team practice. Participation also requires a great deal of concentration because the members are often required to memorize a number of complicated routines. Members must be entertainers.

The Drill Team lead by captain Nashand Smith did a great job at all of their performances. Through great teamwork and cooperation they produced spectacular half-time shows filled with enthusiasm. With the exception of one, they placed no lower than third in all the parades.

The Flags, lead by sergeant Judy Spoelstra, and the letters, led by Marie Nevarez, added much pizzazz and color to the Marching Machine.

Mrs. Keister was the advisor for all of these squads and without her, they wouldn't have made it through the year. All of these units have made this a great year for the students and faculty at O.H.S.

Band offers students who aren't really involved in athletics, a creative, competitive outlet. Being a band member involves a two-fold commitment. First there must be an individual commitment to master the instrument, then a dedication to team effort must be made. Hours and days of practice are spent perfecting a show. What takes an hour to perform took many hours to learn. Band members learn how unity and a wonderful sense of Jag spirit can be fun when working toward a common goal.

The band did exceptionally well in all of their shows. Under the direction of Mr. Berry, the band placed at all of their competitions.

Leading the band in all of their shows was Drum Major Eric Williams and Twirler Maria Alverez. This was Maria's first year at O.H.S. and she had done a great job. This was Eric's last, and in his three years, he has won over 30 awards. Among his best was a first place out of 70 at the USA Drum Major Camp, a first in the Bellflower Parade, and a fourth at the Long Beach Band Review. He has been a great leader.

After the first few games the Jaguar's played, it looked like it would be a very promising season.

But when the gun of the final game sounded, it showed the Jaguar's finished with a 6 win and 4 loss record and tied for 4th position in the Hacienda League.

This record was not good enough to be in the CIF play offs, but they tried their hardest in every contest and showed that they always had the Jaguar Pride.

Anyone watching a wrestling match could easily see that, but that was only the end result of many hard hours of practice. The Physically Handicapped Department is a special education program here at O.H.S.

A student is placed in the program only after a team of specialists and the students' parents or guardians have decided that this placement would be best for the special needs of the student.

All of the physically handicapped students ride a bus to school. Those students in wheelchairs ride specially equipped buses so they can remain in their wheelchairs.

There are two teachers and three aides in the Physcially Handicapped Department to assist the students in many ways.

During the school day the students study such things as Science, Reading and English, Math, P.E. and Social Studies. Educational Films are also shown and the students usually engage in group discussions.

The students are enrolled in regular classes as much as possible. Some of the students have all regular classes, some have one or two classes, and some have all their classes within the Physically Handicapped Department.

The main emphasis in the department is to provide each student with an appropriate education to prepare each student for a worthwhile life.

To a total sweetheart

well mr. Collins or dahlke as you prefer we have been together for a long time I just hope you keep in touch. I sure hope things work out for you and the pretty lady. you know towards the end of the year you and Kenny got your thing together but I guess its better like that because you and Kenny have so much in Common but thats Cool I guess after the 23 of June I wont see you for a long time but we will be togethr again we were a part for a while but we got mad again if it happend once it will happen again. all that was the usual stuff for yeas books now the remberance part. you have helped me out of a lot of tight spots even though half the time it seamed you did not want to but thats ok just remberr we will always be friends no matter what. if I happen to die in a war you better be my escort home. for one last favor never forget these things.

Shaunathin,

Have a real nice Summer and write - I mean it - WRITE. Late in the winter I'll come and visit you at the station. You're a really great friend. ~~You~~ I'm trying not to get too mushy but I guess I'm gonna miss you. This year would have been such a total loss if I hadn't have met you. I'm so glad I did.
